

Children's Hospital

CARING FOR EVERY CHILD AS OUR OWN.

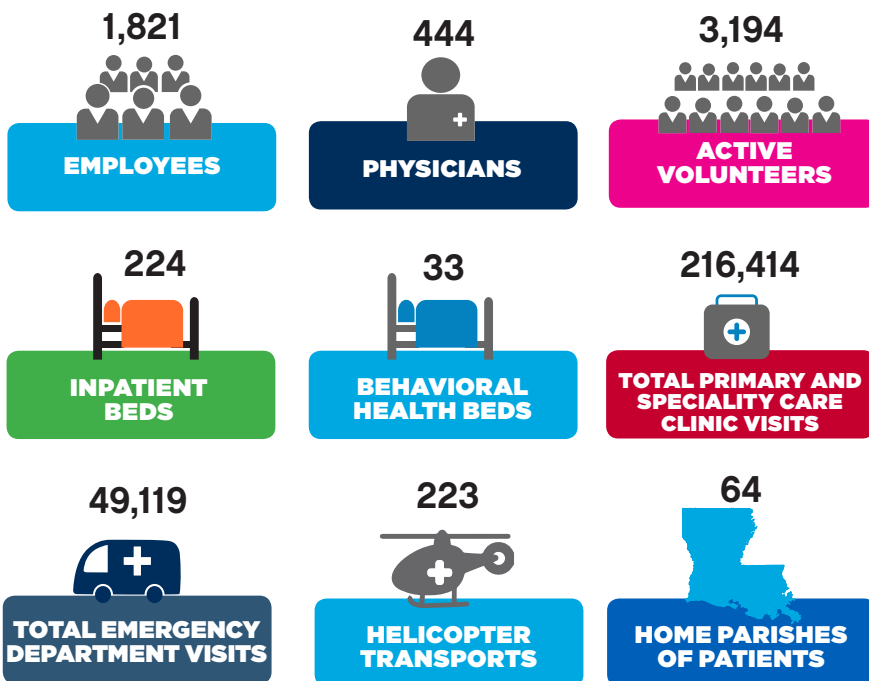

Children's Hospital is a 224-bed, not-for-profit academic pediatric medical center offering a comprehensive range of healthcare services, including preventive care, routine childhood treatments and lifesaving care from our specialists. With 43 pediatric specialties and more than 100 subspecialists, it is the only free-standing, full-service hospital exclusively for children in Louisiana and the Gulf South.

Critical care is provided in the hospital's 36-bed Neonatal Intensive Care Unit (NICU), 18-bed Pediatric Intensive Care Unit (PICU), and 20-bed Cardiac Intensive Care Unit (CICU), the only one dedicated entirely to the care of cardiac patients from birth to adulthood in Louisiana.

With the largest number of specialists dedicated to treating children in the state, Children's Hospital offers services so specialized, no other facility can claim them. Last year, Children's Hospital cared for children from all 64 parishes in Louisiana, 43 states and 9 countries.

EXECUTIVE LEADERSHIP

JOHN R. NICKENS, IV
Children's Hospital, President & CEO

“ As the only freestanding children's hospital in Louisiana and the Gulf South our sole focus is on kids. We offer a multidisciplinary approach to healthcare with a medical staff specially trained in treating the unique needs of young patients while focusing on quality and patient safety. ”

LOCATIONS

MAIN CAMPUS: Uptown New Orleans

SATELLITE LOCATIONS: Baton Rouge, Covington, Lafayette and Metairie

Outpatient appointments with pediatric specialists are offered at the Ambulatory Care Center on the hospital's main campus as well as at the hospital's satellite locations throughout Louisiana: The Metairie Center, Children's Hospital Outpatient Center of Baton Rouge, Children's Hospital Burdin-Riehl Clinic in Lafayette and Children's Northshore Outpatient Center. In addition to these satellite locations, our specialists see patients in Alexandria, Houma, Lake Charles, Monroe, Slidell, Thibodaux, and Gulfport, Mississippi.
